

## Open Access Policy for Wunderkammer

Wunderkammer Press is committed to open research. Our policy offers contributors open access options for their publications in order to increase visibility and remove barriers to knowledge.

### *GREEN OPEN ACCESS*

Contributors to our publications may post a limited amount of their text online to be freely available for all. Any use of the text must be on a non-commercial, educational and research basis only.

### **AMOUNT**

For single authored works the amount is one chapter per title. For edited collections, each contributor may archive up to one of their own chapters per title. Any linking or aggregation of chapters from the same work is strictly prohibited.

### **LOCATION**

Contributors may upload text to their own personal website, institutional repositories, subject repositories, or academic social networks.

### **VERSION**

Only the Accepted Manuscript may be posted. This is the version of the manuscript accepted for publication that may contain revisions resulting from peer review but pre-copy edit and pre-production. The Version of Record (final published version) must not be used.

### **TIMING**

Contributors can post the text online after an embargo of 12 months from date of first publication.

### **CONDITIONS OF USE**

When posting the text, you must include a link to the book page on the Wunderkammer website with the following wording:

"This is an Accepted Manuscript of a book chapter published in its final version by Wunderkammer in [Book Title] on [date of publication], available online: [Wunderkammer site link]."

Responsibility for the reproduction of images online anywhere other than the final published work lies with the author.
